

It is wonderful that you found your way to us. Thank you.

The Stöcki Grindelwaldblick is a place that would not exist without the Bergschaft Wärgistal. For that, we say a heartfelt thank you. Our Stöcki is a place filled with positive energy and a sense of timelessness. When you look out at these three magnificent mountains, you realise just how small we truly are. And that is exactly the feeling we would like you to take with you.

It is a great privilege for us to live here and welcome guests in the middle of this beautiful natural landscape.

The guardian sitting on the rock, facing the Lauberhorn, watches over us and welcomes everyone arriving from the direction of Männlichen. We are very happy that you have found your way to us. Make yourself at home. If there is anything we can do for you, simply let us know. We are always happy to help.

Our kitchen is delighted to serve you dishes made with products from the region. And when you need a place to rest, you are welcome to stay the night with us. We offer 67 beds in a warm and family-like atmosphere.

Your host, Mänu
and the entire Stöcki Grindelwaldblick family

Do you have any allergies or food intolerances? Please feel free to let our team know - we would be happy to inform you about the ingredients in our food and drinks.
